## What will be developed in the weeks ahead?

In the days and weeks ahead, we will continue to significantly expand our output:

- **More video content** – this will include video services and more films for Holy Week and Easter. In addition, we will make Holy Week audio content available.
- **A series of new reflections from Easter Day onwards** – work is underway on an updated app, audio and email resources. More details to follow soon.

*Alongside the use of audio, app, smart speakers and social media, one of the main principles we are working to is to make as much as possible available in simple downloadable and printable formats for those who can't easily access the technology.*

## **Prayer and liturgy**

[A new page has been created](#) containing:

- Prayers and intercessions for personal or group use
- Special prayers for use if it isn't possible to meet in church
- A simple form of prayer for the morning and evening, which can be downloaded, printed, and shared with those remaining at home or who are unable to access the Internet.

*These resources are offered to help those who are struggling to find words at this difficult and stressful time, and to enable Christians to worship in solidarity with one another even if it is not possible to gather in church.*
